

Best. Video Internship. Ever.

Seeking Amateur Videographers for the Chance to Travel the World and Produce Great Videos in 2018!

Apply today for an immersive and all-expenses-paid internship

4 month assignment starts September in Barcelona

Film our cycling adventures: Trans-Europa and West Africa en Vélo

An unprecedented chance to hone your video skills and expand your understanding of the world

We want you to produce a series of videos highlighting the places we cycle, the people we meet, and the intrepid cyclists who undertake these daunting adventures. They are rewarded with tired legs and a deep sense of accomplishment.

You will choose each day how best to capture your shots, and to experience the environments alongside the cyclists. Choose to ride your bike one day, stopping along the way to capture candid interactions of the cyclists with local people, experiencing local culture and scenery. Choose on another day to travel ahead in our support vehicles to scout out the best vantage point to capture the cyclists riding thru a beautifully framed shot.

Who We Are

[TDA Global Cycling](#) operates ambitious cycling tours in over 80 countries, including the iconic Tour d’Afrique from Cairo to Cape Town. We take amateur cyclists on unique, memorable, and often transformative bicycle adventures.

Watching layers of history reveal themselves in Europe, or pedalling past ancient baobab trees and plunging waterfalls in West Africa – the potential for rich experiences (and great video content) is everywhere.

5. Short reports / stories with a story arc (like [this](#) or [this](#))

TRAVEL SCHEDULE (TENTATIVE)

You will be flown to Barcelona, Spain in early September for orientation, and to start filming. September will be spent travelling alongside the cyclists of the [Trans-Europa](#), filming as they pedal across Spain and Portugal to Lisbon. After some time editing in Lisbon, and getting travel visas, you'll fly to Casablanca and prepare for the start of the inaugural [West Africa en Vélo](#) – TDA Global Cycling's latest project.

Over the next 2 months, you will travel with the cyclists and support team from Casablanca, Morocco to Cape Coast, Ghana. Henry Gold, founder of TDA Global Cycling and a former filmmaker, will be cycling this route and will be providing you with support and feedback throughout.

Along the route you will occasionally take time in the national capitals to catalogue your footage, and do some editing, using local busses and regional flights to catch up to the cyclists. The filming and the bike tour wrap up in December, and then you'll have a few weeks in the editing studio before the end of the internship.

Application Process

STEP 1: WHY YOU?

Grab your phone, press record and tell us to the camera why you deserve this internship more than all the other applicants. What makes your story unique?

The recording should be no more than 2 minutes long and start with you telling us your name and where you are from. Give us a taste of who you are. Show your personality and creativity, so it's not just what you say, but where you are and how you present yourself (you will be prompted in the application form to upload your video).

STEP 2: BONUS, EDIT THIS

Let your editing skills shine. Use the videos in [this link](#) and edit together a clip of up to 30 seconds that you think sums up what TDA Global Cycling does. Imagine this is an ad at the beginning of a YouTube video that you don't want people to skip past. Feel free to add in your own footage as well and to overlay graphics, text or animations (you will be prompted in the application form to upload your video).

STEP 3: SUBMIT YOUR APPLICATION
